## SAF-T-LINER® C2 JOULEY SCHOOL BUS

THE FUTURE IS JUST  
AROUND THE CORNER!

**Thomas Built Buses** has been moving the industry forward for more than 100 years. Now we're driving it in a whole new way with Jouley, the first generation **Saf-T-Liner® C2 Jouley electric bus**.

Jouley is our first electric bus and a working example of not only how important electric vehicles are to us, but how important they are to Daimler as a whole. It's emissions-free, noise pollution-free and fossil fuel-free, helping you save operating costs — and maybe even the planet.

Jouley is the latest chapter in our joint commitment with Daimler to provide proven, sustainable solutions.

For more information, please visit our website or contact your sales representative.

## REV GROUP PLATINUM CERTIFICATION

At Autobus Thomas, ethical business practices and quality are shared values throughout our company. Every day, we focus on continuous improvement across all operations.

We were the first in Canada to obtain Platinum TBB (Thomas Built Buses) certification, and we've taken it one step further!

**We just obtained REV Group Platinum Certification.**

This demonstrates that we adhere to the highest standards of quality throughout our operations. We undergo an annual audit process and must meet precise customer service criteria as well as exacting standards in our different departments in order to maintain our certification.

## NEW WEBSITE

Our new website is up and running! We've optimized our site to better showcase our vehicles and to simplify communication with our customers, employees and partners.

More user-friendly, intuitive and informative than ever before, our new site offers a wealth of useful vehicle, parts and service information.

Be sure to check out the new and improved [www.autobusthomas.com](http://www.autobusthomas.com)!

## LAURENT DUVERNAY-TARDIF trusts Autobus Thomas

NFL football player, doctor and philanthropist, Laurent Duvernay-Tardif tackles all of these challenges head on. When his foundation, which aims at encouraging young people to take part in physical activity and lead a healthy lifestyle, needed a vehicle to transport sporting equipment, he turned to Autobus Thomas. What a great challenge for our team! We are extremely proud to be associated with this foundation that promotes the benefits of sport to young people!

## A MANUFACTURER WITH THE HIGHEST STANDARDS

We'd like to take advantage of this opportunity to introduce three vehicles that stand out among the many offered in the extensive **Rev Group** line.

### CTS

#### Ideal for public transportation

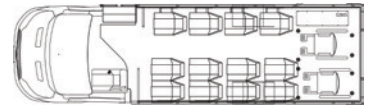

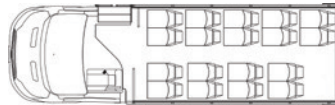

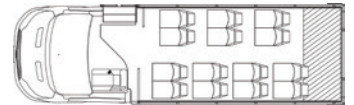

- 100% fibreglass construction
- Best public transportation vehicle
- Offers a multitude of possibilities
- Top manufacturing quality

### Collins commercial bus on a Ford Transit chassis

#### A vehicle that can handle it all

- Available in gas or diesel
- Incredibly spacious interior
- Ideal for use as an adapted or luxury vehicle

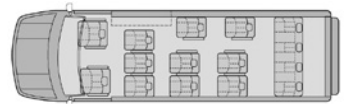

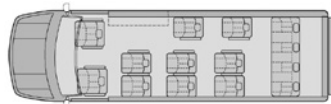

## THE LATEST ADDITION TO OUR LINE!

### Midwest Buses

#### Once again, Rev Group blows us away with this high-end vehicle

- Featuring a Sprinter chassis
- Luxurious with superior quality finishing

As a **Rev Group** partner, Autobus Thomas will ensure that your vehicle selection criteria are not only met, but surpassed. **Once again, Rev Group's manufacturing expertise demonstrates the value of buying quality.**

Contact your sales representative to find more.

## NEW VIDEO SERVICE OFFERED BY THOMAS BUILT BUSES

TBB now offers a series of YouTube videos entitled, "Service and Repair". These videos were developed to share best maintenance and repair practices with our customers.

We now offer a total of nine videos, with more coming soon. Share them with your colleagues and partners!

Here's the link: [www.youtube.com/c/Thomasbusinc](http://www.youtube.com/c/Thomasbusinc)

## THE DETROIT DD5 MOTOR will be available on our 2020 models in Fall 2018

The following table shows that each motor meets 2017 EPA emission standards.

The upper row for federal emission standards is the maximum allowed. Customers want to choose green fuel, but do they really understand what that means? No motor has the lowest emissions in all categories. This could be helpful for a customer who is thinking of perhaps choosing another fuel or might be pushed to do so. With this knowledge, our customers can make a more informed decision.

## 2017 EPA/CARB Emissions Information

Federal Emissions Standards	Particulate Matter (grams per brake horsepower per hour) <b>CARCINOGEN</b>	Nitrogen Oxides (grams per brake horsepower per hour) <b>ACID RAIN</b>	Carbon Monoxide (grams per brake horsepower per hour) <b>GREENHOUSE GAS</b>	Nonmethane Hydrocarbon (grams per brake horsepower per hour) <b>SMOG</b>
	0.01	0.20	15.5	0.14
Model Year 2017 Engines	Certified Levels			
Cummins ISB Diesel	0.002	0.14	0.02	0.03
Cummins L9 Diesel	0.001	0.16	0.2	0.02
<b>Detroit* DD5* (Available autumn 2018)</b>	<b>0.001</b>	<b>0.09</b>	<b>0.1</b>	<b>0.014</b>
ISB – Nat Gas	0.000	0.08	3	0.01
ISL – Nat Gas	0.002	0.13	9.4	0.06
ISL – Nat Gas Near Zero	0.002	0.01	1.5	0.01
Roush V10 Propane	0.000	0.01	1.2	0.02
Pithon* 8.0L V8 Propane	0.003	0.16	5.6	0.090
Ford V10 Gasoline	0.002	0.08	12.9	0.080

\*Result are based on Federal Test Procedure (FTP) cycle.

## FROM YOUR PARTS DEPARTMENT

### PartsPro® electronic parts catalogue

**PartsPro®** is an electronic parts catalogue with vehicle configuration schematics that include Detroit™ motors, transmissions and axels. Other major components are annexed to the PartsPro® application to facilitate part identification. Our Parts and Service Department staff can use this tool to find the right part and associate number to make a repair or to check inventory availability.

For more information, please visit <https://freightliner.com/parts/parts-pro/>

## A NEW PRODUCT THE COVERALL

**seats**  **COVERALLs®**

- Universal, heavy-duty seat cover
- Available in a high-back version (28" x 35")
- Side and back storage compartments
- Spill and stain resistant

## OUR SALES TEAM IS GROWING

We would like to welcome  
to new members to our sales team:

### Patrice Marcoux

With 30 years of experience in heavy machinery sales, Patrice joins our team as a Territory Manager. His profound understanding of customer expectations when it comes to total quality will be a definite asset to our team and to our clientele.

### Vanessa Blouin

Very knowledgeable with a vast network in various public and parapublic sectors, Vanessa joins our dynamic sales team as a Commercial Representative. She looks forward to introducing her network to a wide range of commercial products and to meeting the needs of a discerning clientele in search of quality.

## A VERY HAPPY RETIREMENT to Lyne Thivierge

The time has come for our friend, Lyne Thivierge, to retire! We would like to thank her for 35 years of loyal service. It is with deep gratitude that we highlight her outstanding professionalism and dedication all these years, as well as the great times spent together. This may be the end of this chapter for Lyne, but now she turns the page to start a new adventure.

We wish her the very best in her future endeavours!

## ON BEHALF OF THE ENTIRE AUTOBUS THOMAS TEAM, I WOULD LIKE TO THANK OUR CUSTOMERS!

With the end of the year upon us, we would like to thank you for your continued support throughout 2017. Day in and day out, it is because of you that we can move forward and go even beyond what we thought possible, all in an effort to better serve you.

We'd like to take this opportunity to wish you very Happy Holidays and a prosperous New Year!
